"Sewing" Devices Use Artificial Lightning for Thread and Steel and Aluminum as Their Fabrics.

By HOWARD W. BLANKENHORN, Associated Press Staff Writer, DAYTON, O., April 23.—Two "sewing-machines," whose thread is artificial lightning and whose fabrics are steel, aluminum and duralumin, are making aviation safer at Wright Field.

The machines are the last word in seam and spot welding. They are used by the material division of the U. S. air corps to fabricate airplane parts at once better for aviation and less costly. The new process in sewing plane metals was described today by engineers of the final assembly division.

Both machines are simpler to look at than any household sewing machine, though much larger. In the one which welds a continuous seam, the metals to be "sewed" are lapped like dress goods for a clothesman.

This overlap is then run between two solid discs, like wheels, above and one below. The discs are copper, each about eight inches in diameter. They press the metal between them with force varying from very little up to 100 pounds a square inch.

Between them, at the points where they touch the metal to be sewed, drives an electric current of 24 volts and up to 24,000 amperes. This current is hot as lightning. It fuses the two pieces of metal as it passes through them.

The other sewing machine looks like a pair of huge pliers with copper ends. These pliers sew the metal in spots, which are spaced about the distance apart of rivets.

## ON THE POLITICAL FRONT

Jouett Shouse

By The Associated Press  
Jouett Shouse, once chairman of the Democratic national executive committee, is now one of the darker clouds on his party's horizon.

He directs the American Liberty league, which has pamphlets ready for any congressional aspirant who is running against an ardent "new dealer." Shouse, a one-time editor, has final say on the subject matter of those pamphlets and some of the titles have been, "Dangerous Experimentation," "Legislation by Coercion or Constitution," and "Expanding Bureaucracy."

Shouse has 25,000 contributors to the league behind him, including the Du Pont family of Delaware.

He has been twice a member of congress, and he was president of the Association Against the Prohibition Amendment.

## The Stars Say--

For Friday, April 24--

A VERY lively and exciting day is promised from the prevailing stellar activities, although these may be fraught with difficulties, delays, doubts, disappointment and duplicity. Be vigilant as to all manner of undercover attacks and treacheries to avoid slander and misrepresentation. This may be in employment, in secret societies or with rings, etc. Private, domestic and social matters will offset these depressions and perplexities.

Those whose birthday it is may encounter a lively year, but one not satisfactory or smooth. There is danger of duplicity, slander, misrepresentation and intrigue, calling for eternal vigilance, especially in employment and in connection with secret societies or business rings or mergers. Domestic, social and other private affiliations should prove comforting and profitable as well.

A child born on this day, while lively and energetic, may have its moods and depressions, and be easily discouraged. It will find solace in its private life.

Aerial view of the famous GENERAL MOTORS PROVING GROUND at Milford, Michigan.

Before you are offered any new model of a General Motors car, the famous PROVING GROUND gives it a third degree that sweats out the facts. No wonder you are confidently invited to "measure the value" of a General Motors car.

and here—  
they come up to Standard, too!

You say there's plenty of performance in that General Motors car of yours. And so there is! But don't make the mistake of thinking you are getting it all if you are careless about the gasoline and oil that you buy.

It simply can't be done!

So here's a suggestion. Swing around the corner and pull up under the SOHIO sign. That's the way to make sure that the gasoline and lubricants you buy are what your car should have—a sure way to bring your car up to standard. And it is the way recommended by the majority of Ohio motorists who really "measure the value."

After all, you know, we have been turning out petroleum lubricants and fuels for 66 years. It stands to reason that we should know just about what any automobile needs. Ohio motorists seem to feel that we do. Hundreds of thousands of them are now regular customers at SOHIO stations.

## NASH AGENCY IN NEW LOCATION

Roberts-Nash Co. Arranges Formal Opening for Friday and Saturday.

Formal opening of the Roberts-Nash Motor Co., which has moved to a new location at 227 North Main street, has been set for tomorrow and Saturday. The business, conducted under the direction of W. J. Roberts of 222 East Columbia street, was formerly located at 216 North Main street.

The display of new cars during the formal opening will include models in the Nash Ambassador and "400" series as well as the LaFayette. The entry in the low price field.

The latter car provides a base price range from \$295 to \$395. It offers many unique advantages in the four price classes. In addition to the regular demonstration, all will be shown by means of the new X-Ray system, designed to acquaint the layman with the many hidden features of an automobile on which much of its life and safety depends and which the average buyer in the past has had no chance of seeing or comparing.

The Nash company handles three complete lines starting with the low-priced LaFayette.

Next in price range above the LaFayette comes the first line to bear the Nash name—the Nash "400," with its new sealed motor from which the Nash engineers have been able to eliminate more than 500 parts with a consequent reduction of trouble possibilities.

Nash twin ignition is one of the features incorporated into the Nash overhead valve motor in the care of the Ambassador series. All-steel, one-piece bodies and oversize, super-hydraulic brakes are safety features of the complete line. Riding qualities are assured throughout by balanced weight and extra spring suspension.

In connection with their dealership in Nash cars the company will operate a modern department for servicing automobiles and will also conduct a used car department.

**127 NOW IN A. P. HOLE-IN-ONE CLUB**  
Woman Golfer Rewarded for Zero Weather Play.

By The Associated Press  
NEW YORK, April 23.—A strange tale of railway adventure filtered in today as membership in the Associated Press Hole-in-One club soared to 127.

Nelson Maynard, playing in a foursome at Baltusrol golf club, Short Hills, N. J., hit \$1,000 that if anyone made an ace that day he would be the man. He forgot about the wager until he scored an ace on the 127-yard fourth.

Mrs. C. Robbins of Fort Smith, Arkansas state women's champion, struck out for a game of golf with the mercury only two above zero. She was rewarded when her No. 6 iron shot produced an ace on the 127-yard third hole on the rolling Knolls Country club.

Alex "Nipper" Campbell, one of the grandest of old time pros still playing golf, made a shot from the ninth hole, a 100 yarder, of the Springfield, O. Country club course. As he reached the top of his follow through, the veteran Scot turned to his partners and said: "Gentlemen, that's going in." And it did.

A prominent jockey, Mel Calvert, bagged a 160-yard ace on the fifth hole of the Willow Springs course at San Antonio to run Texas' hole-in-one total to the surprising total of 23, or better than a quarter of the nation's entire supply.

And a golfer named Dick Deer from Salt Lake scored an ace on the Bonneville course near there and then went on to take a snappy 63 for nine holes.

After a short business session there will be a program and a social hour of card playing. The program will be in charge of Mrs. Fred Miller.

**FATHER ACCUSED**  
Randy McGinty, 45, of 933 Congress street, was arrested last night on a warrant charging him with molesting his two daughters, 16 and 18 years of age. The charge was filed by his oldest daughter, prosecuting Attorney Paul D. Michel said.

Discussion of Lillian's Daughter Brings Memories.

THE DISCUSSION with Lillian which I dreamed was "up" me, I knew that at her first tentative whisper "Madge" followed by her equally tentative adjuration:

"Do you think there's any basis in that spiel of hers about Marion having a hope chest?"

I had feared the question, and frantically tried to frame my answer in the minutes following mother Graham's revelation that she was planning to make an elaborate affair for the hope chest of Marion Morton, Lillian's winsome young daughter, away at boarding school. But with the question finally flung at me, I could only take refuge in evasion.

"Did you ever know a girl who didn't have a plan a hope chest?" I asked with what I hoped was a delicately derisive smile. I dared not laugh for fear mother Graham, upon her balcony, busily making daisies for her granddaughter's arghon, might hear me.

"You're dodging the question," Lillian whispered back. "You know very well what I mean. Do you think Marion has bought a hope chest and is preparing to fill it because she's planning to—?"

Her voice flickered out like a spent match and I knew that she had not the courage just yet to voice the conjecture that was so nagging her.

"No, I don't think anything of the kind," I whispered stoutly, although I wondered if my sponsor in baptism should not have given the rector the name Baphhra instead of Margaret. For though I had no accurate information upon the subject, I was inclined acerbally to echo Lillian's conjecture.

"If she is, you yourself are to blame," I went on.

"It's she who's back incredibly." "How?"

"You planted the seeds yourself!" I mixed my metaphors recklessly.

"When, years ago, you gave Marion that miniature cedar chest for her doll's clothes and doll house linen." Remember?

"Yes," she said reluctantly. "I suppose you're right."

"I know I am," I said firmly, encouraged by her docility. "She's had the idea of a hope chest ever since. I imagine that, in common with Mary, who preceded her in her affections, her first dreams were of Jerry Tiger. Do you remember how she, as Mary before her, used to trudge adoringly behind Jerry as he plowed with Babe?"

Lillian suddenly dissolved into helpless, silent laughter.

"Do I remember?" she said when she regained her breath. "I shall I ever forget Babe! Was not she the most awful rack of bones?"

"To Marion's eyes she was the most beautiful horse in the world," I rejoined, "and when Jerry used to reward her devotion with a ride upon Babe's back, she was raised to the seventh heaven."

"Yes, I remember," she said again, her face softened from her anxious and disapproving lines that had etched it a minute before. Then she looked over at me with bright, keen, searching eyes that would have disconcerted me if I had not seen the suspicion of a twinkle lurking in them.

"I have to slip it to you," she whispered. "You're a clever wench. Cunning of you to plant in my alleged brain the comparison of Marion's childish devotion to Jerry with the present affair. Not that in my most brutal moments would I dream of likening Ronald to Jerry, but the general idea of puppy love rampant is most comforting to my soul."

"Then suppose you go to sleep upon it," I said un sympathetically, "and give me a chance for another nap also."

**Sleep It Off!**  
It was the right note to strike with Lillian. She will never consider comfort for herself, but if she feels that any action of hers in bringing annoyance to any one else, she is covered with contrition, ready to accede to any suggestion.

"Oh! how thoughtless I am!" She almost spoke the words aloud, remembered to whisper them just in time. "But where are you going to sleep if I take your bed? Look here! You park me somewhere else."

"Look here!" I mimicked. "Will you undress and get into that bed without any ado? I wouldn't use

## Piercing Pains In Knees Relieved By Taking Vendol

This local man suffered daily with backache, sore muscles, stiff joints. When Vendol ended constipation all these pains disappeared. Advise every one to try it.

"I could feel relief within a few days after I started taking Vendol, and my improvement has continued day by day until finally I feel better than for years," declared Mr. Edgar J. Jones of 408 Edwards street, this city, and of the many people from all over this section who are praising this new medicine so highly.

"Constipation has annoyed me for several years and I've taken many things but Vendol has brought more relief than any of them. Day's feelings would just pour out while at work but since Vendol made my bowels regular and started my liver acting so nicely I never suffer from the dizzy spells or those dark spots dancing before my eyes."

"I also had pains in my knees and they felt so sore and stiff at times it would be hard to get about. There was a dull aching in the small of my back and I suffered terribly every time I stooped to get to my feet."

over. It seemed my entire system was full of poisons because all these pains disappeared after I had been taking Vendol and the little Vendol laxative tablets, which regulated my bowels and liver.

"I think Vendol is a grand medicine and never miss a chance to say a good word for it."

Vendol is the RIGHT COMBINATION of juices and extracts of roots and herbs which act on the stomach, liver and bowels. It is pleasant to take and promptly relieves gas on the stomach, acid indigestion, heavy feeling after meals, headache, biliousness, dizzy feeling, constipation, aches and pains and many other symptoms caused by sluggishness of these vital organs.

Vendol is sold and recommended by all leading druggists everywhere and Henney & Cooper put their full recommendation behind it. Start at once taking Vendol and see how quickly you will be freed from all your troubles.

Marry-Go-Round  
BY HELEN ROWLAND

ONE WOMAN AND ANOTHER  
A jealous woman's chain of reaction is no stronger than her weakest suspicion.

The saddest thing about parting from a lover is that it is so much easier to forget his faults or his sins than it is to forget his kisses.

Another foolish mistake which a bride makes is to assume that a man is always thinking about women; and that if she is not filling his thoughts, he must be thinking of some other woman.

Just as long as the desire for a new model continues to be the great American fixation, automobile manufacturers and milliners will continue to flourish—and divorce lawyers will wax rich.

If there is any tender spot in a bachelor's heart, it is his gratitude to all the women who have let him slip through their fingers.

Love is like poetry. It doesn't matter how little sense there is in it, so long as your two hearts beat to the same rhythm and all your thoughts seem to synchronize.

At twenty a young man's big, vital problem is how to make the woman fall for him; a few years later it is how to prevent them from landing him.

A man almost never takes the first kiss with any serious intention of getting married; but then he almost never takes the first cocktail with any serious intention of getting tight.

An honest woman is one who will tell you the truth about everything—except her age, her weight and her husband's income.

"The girl with the smile wins"—it's a cheerful smile—of indifference.

# GIRL RESERVES HEAR LEADER

Toledo Secretary Addresses Meeting Featuring Marion's Youth Week Observance.

Girl Reserves have the same high ideals the world over. Miss Marjorie C. Neal, Girl Reserve secretary at the Toledo Y. W. C. A., told a group of approximately 30 Girl Reserves of Marion at a mass meeting yesterday afternoon at Central Junior High school. The meeting was held after school hours and was a highlight of the observance of National Youth week being sponsored by Girl Reserves in Marion this week. A large number of the advisory board members were present.

Miss Neal, a Girl Reserve throughout her Junior and high school years, spoke from her personal experience. A Y. W. C. A. camp director near Istanbul, Turkey, where she spent some time last summer under auspices of the foreign division of the National Y. W. C. A.

Her talk of the institution of the Y. W. C. A. by a group of interested women who saw the need of a place where young women, entering the business and industrial fields as early as 15, might be established in a place with homelike surroundings and guidance. Telling of the activities and growth of the organization through its work during the World War to the present time, she showed her talk with an interesting picture of the work of the Toledo Y. W. C. A., which is typical of the organization throughout the large cities in the United States.

The meeting opened with group singing in charge of Mrs. George Turner, chairman of the Girl Reserve advisory board, with Miss Emma Sage, advisor of the group at Central Junior High school at the piano. Elizabeth Mosberger of Vernon, Ohio, presided over the reading of the Girl Reserve litany and the program closed with the club song, "Follow the Glean." Miss Mabel Turner, advisor of the group at Harding High school, presided. The Girl Reserve litany, lighted with the organization's colors, occupied a place of prominence on the stage.

Great At Dinner  
Miss Neal was honored with a dinner last night at Hotel Harding and later returned to her home in Toledo. Blue tapers in crystal holders lighted the table and a centerpiece of blue stocks and candytuft carried out the Girl Reserve colors. At the close of the dinner Mrs. Turner presided for the singing of "Tape."

Painful Piles  
Go Quick—No Ointment—No Salves  
It takes only one bottle of Dr. J. C. Leonard's prescription—HEM-ROID—to relieve itching, bleeding or protruding piles. This internal medicine acts quickly even in old stubborn cases. HEM-ROID succeeds because it helps to heal and restore the affected parts and relieves blood congestion in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and cutting often fail. Hemney & Cooper and all druggists say one bottle of HEM-ROID Tablets must relieve you of your Pile misery or money back—Adv.

# Y Circus "Big Top" Goes Up for Opening Tonight

With the last tent stake driven and the "big top" in position, everything is in readiness for the opening performance of the 1936 edition of the annual Y. M. C. A. circus, to begin tonight at 8 o'clock on the lower gym floor.

The entire troupe of acrobats, clowns, dancers, jugglers and gymnasts will open the two-hour program with a grand march. The band will play a part of the grand march and continue with appropriate selections throughout the performance.

Gett Hill, ringmaster, will lead the circus through a scheduled program of 16 acts. Friday and Saturday night acts by the Ohio State gym team will be added.

Tonight's program will get underway, following the grand march, with a tumbling performance by members of the Y. M. C. A. Indian gym class. The girls' gym class, directed by Miss Rhea King, instructor at George Washington school, will handle the second act with a display of dances. Pioneer gym class members have prepared the elephant stunt which immediately precedes a comedy act by the Reen brothers.

Tumbling stars of the North Main Gym-Y club will work out in the fifth act and Miss Mabel Poch's dancing class will present the dancing class in the sixth act. A six-man gymnastic team composed of Robert and Richard Tuttle, George Griffith, Alvin Madman, Robert Gilmore and Ronald Madman will perform on the horizontal bars for act 7 and give demonstrations of the high bar for act 8 and use the flying rings for act 9.

Interpreted between the gym acts will be the N.Y.A.'s unique band, a sketch worked out by graduates of high school who are now employed on club projects. The team, "Ginger and Scotty," who have played in Huntington, Parkersburg, Athens, Newark and Columbus, will present one of the dance acts. Jimmy "Juggler" Kincaid of Marion will give circus acts in a second act of dancing. The senior gymnastics class of the Y will display mat work and in the grand finale members of the senior high gym class will do pyramids. The program is under the direction of Donald D. Gram, physical director of the Y, with assistance of Robert Tuttle and Richard Moore. E. N. Hale and Elmer Shaw are heading the business committee.

# HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys  
Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are one of Nature's chief ways of taking acids and wastes out of the blood. A healthy person should pass about 3 pints a day and so get rid of more than 3 pounds of waste matter.

If the 15 miles of kidney tubes and filters don't work well, waste stays in the body and makes you feel lousy. It may start nagging backaches, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't let it lay you up.

Ask your druggist for Doan's Pills—used successfully by millions for over 10 years. They give happy relief and will help to flush out the 15 miles of kidney tubes. Get Doan's Pills.

# SPEAKER RAPS SECURITY IDEA

Columbus Attorney, Speaking in Richmond, Denounces Roosevelt Proposal.

Special to The Star  
RICHMOND, O., April 22—The proposal of President Roosevelt that a social security law be enacted which would require employers to insure persons between the ages of 18 and 64 was denounced as a violation of the bill of rights by Hugh E. Martin, Columbus attorney, who addressed the Union County Republican club here last night.

Martin, for years assistant U. S. district attorney for the southern district of Ohio, asserted the privilege guaranteed citizens by the Constitution would be abrogated as to persons younger than 18 or older than 64 if such a proposal became law. He declared:

"The Constitution is sure, but it is to be no longer the Constitution of our sons and daughters, or our fathers and mothers. Let them be regulated completely by what was once their government, and how long would the rest of us be secure?"

Martin declared that hurrying past the security "beyond the pale of the Constitution would be to destroy the Constitution for all the rest of us adding:

"When you destroy one link in the heart of a chain, you have no chain left."

He referred the Roosevelt admin-

## MILWAUKEE DEFEATS COLUMBUS, 3 TO 2, IN DUEL OF PITCHERS

**Burleigh Grimes Ordered from Park for Kicking About Umpire's Decision**  
CHICAGO, April 23.—Manager Burleigh Grimes of Louisville's Colonels, a noted growler during his great pitching career in the National League, has reached mid season form in barking at umpires. Grimes' form was so good yesterday that Umpire Bill Guthrie ordered the former spitballer from the park for kicking over a decision in the fifth inning of the Colonels' tie with the Milwaukee Brewers.  
Louisville handed the league champions their first beating of the season 3 to 0 in a pitching struggle between Ed Holey of the Colonels and Reg Grubbs of the Brewers. Holey pitched only six innings, yielding only six hits, but he was unable to do anything with him thereafter. Columbus made four errors but partly atoned by turning in three double plays.  
Cold weather caused postponement of the St. Paul at Indianapolis and Kansas City at Toledo games.

## BILL TERRY PILOTS GIANTS TO VICTORY DESPITE HANDICAPS

**Earnshaw Whitewashes Boston, Browns Rout Detroit Tigers, 12-4.**  
By The Associated Press  
The New York Giants were doing their level best in the National League today, but for all their staggering they can't fall off the top of the pile.  
In fact they kept climbing. They have been charged with 15 errors in eight games. Their pitchers have squandered four leads, their team is riddled by injuries but in meeting every emergency Manager Bill Terry has been so superbly right that the substitute in almost every case has done better than the original.  
First he picked rookie Harry Gumbert to pitch the second game of the season. Gumbert pitched a four-hitter and won. Then Elmer Barlett fell ill. Terry put in Joe Martin. This rookie has batted .667 so far. Next Sam Leslie reported with a fever and Terry put in Terry. His first day out, substitute Terry got three hits in three times out yesterday against the Reds he hit three more.  
In spite of these forced shifts the Giants did as well as the Browns and Reds who topped the day's slugging performance, or the Dodgers who saw big George Earnshaw make a sudden return to his pre-season pitching form to whitewash Houston. The Terry men won their second straight from Jimmy Wilson's Phillies 7 to 4. Also was Carl Hubbell's second victory of the season. Carl also hit three singles in four times up.  
There were two home runs in the game. Elmer in the first with two on and Jimmy Wilson in the seventh.  
The only other home runs were hit in the eighth inning of the Red-Cards game at Cincinnati by utility outfielder Cabin Chapman and Lew Riggs, both of the Reds. These hits scoring three runs enabled the Reds to defeat the Cards 7 to 6.  
Earnshaw turned in the best pitching job of the season for the Dodgers. A five-hitter which shut out the Reds 5 to 0. Every man in the Brooklyn infield batted .250. Earnshaw and Barlett hit safely twice out of four times up. The Dodgers had only two other hits.  
In the American League the Red Sox outlived 12.6 beat the Senators 4 to 3 and edged closer to the league lead. Fred Ostermuller, Red Sox pitcher, drove in two runs with his double in the fifth.  
Pitching rated 15 times the Browns won their second straight game from the world champion Tigers 12 to 4 in the only other game played in the morning.  
The Pirates-Cubs Yankee Athletics and White Sox Indiana game were postponed because of cold weather.
